PART C. Fill the blanks in each of the following passages by choosing the best answers from the options. (30%)

Passage 1:

Deciding what to believe in advertising isn't easy. It 1 to me that a person must purchase things 2 a lot of care. As a consumer, I want to get the best for my money. But I really have to understand the 3 of advertising. 4, manufacturers will be able to sell me anything, no 5 what its quality may be. More and more people are becoming 6, like me, of the ways in which advertising can 7 them. The creative aspects of commercials, for instance, often cover 8 defects or problems in products. I have learned this well, since I 9 purchase and lost money because the items 10 of poor quality.

Options:

- (A) looks (B) seems (C) bothers (D) links
- (A) in (B) at (C) for (D) with
- (A) aims (B) goal (C) techniques (D) function

- (A) are being (B) are (C) were (D) being

Passage 2:

The price of energy should not be controlled by the government. Because our natural resources are being depleted, companies must be encouraged to develop new sources of power. Industry operates on the profit motive; 1, government restrictions on prices would only serve to block research. Furthermore, the costs of running a corporation have risen 2 laws requiring clean-up programs; 3, many firms will be shut down 4 they are not allowed to charge the highest prices that
